REGISTER OF INTERESTS OF
BOARD MEMBERS
2010

British Library Board Secretariat

REGISTER OF INTERESTS OF BOARD MEMBERS

PURPOSE OF THE REGISTER

The purpose of the Register of Interests of Members of the British Library Board is to list direct or indirect pecuniary interests or other material benefits appropriate to the body's activities that a Member receives which members of the public might reasonably think could lead to a conflict of interest arising in his or her participation in the decisions of the British Library Board, or action taken in his or her capacity as a Member of the British Library Board. In line with Cabinet Office guidance, Board members should also register the interests of close family members and persons living in the same household as the Board member. Close family members include personal partners, parents, children (adult and minor), brothers, sisters, and the personal partners of these.

Members are required to keep that overall purpose in mind when registering their interests. It is left to individual Members to give the required information; each Member is ultimately responsible for his or her own entry. Registration of interests is an additional safeguard against the inadvertent omission of Members' declaration of any relevant interest at the time when they contribute to the discussions, considerations and decisions of the Board or when they communicate with other Members or with Library Management or staff.

THE CATEGORIES OF REGISTERABLE INTERESTS

British Library Board Members register their interests under six categories, which are represented by the following headings. The Acceptance of Gifts and Hospitality is covered elsewhere in the Code of Practice. When considering what interests to register, members should consider their own position under each of the categories and that of relevant family members and persons living in the same household as the member.

1. **Remunerated Directorships, Partnerships and Trusteeships**

Members are required to register remunerated directorships, partnerships or trusteeships which they may hold in public or private companies, partnerships or trusts with which the Library is currently contractually involved or where there is some reasonable likelihood of a future contractual involvement. This also applies to directorships which may themselves be unremunerated but where the companies in question are associated with or subsidiaries of a company in which the Member holds a remunerated directorship.

2. **Remunerated employment, office, profession etc.**

Members are required to register outside employment, professions and sources of remuneration not covered elsewhere. However, this would apply only to connections with public or private companies with which the Library is currently contractually involved or where there is some reasonable likelihood of a future contractual involvement.

3. Registerable shareholdings

Members are required to register the name of any public or private company or other body in which, to their knowledge, they have a beneficial interest in a shareholding having a nominal value greater than 1% of the issued share capital of the company or body. This requirement applies only to public or private companies with which the Library is currently contractually involved or where there is some reasonable likelihood of a future contractual involvement. The requirement does not apply to shareholdings controlled on a discretionary basis by investment managers and which are outside the Member's day to day control.

4. Registerable interest in land or property

Members are required to register the details of any land or property in which the Member has a direct interest. This requirement applies only in circumstances where the Library is contractually involved or where there is some reasonable likelihood of a future contractual involvement in relation to that land or property.

5. Miscellaneous and unremunerated interests

This is for use by Members wishing to register interests, including unremunerated interests, which do not clearly fall within any of the specific categories above but which they consider to be relevant to the definition of the Register's purpose.

6. Other interests

Members register their other interests under this section.

*Members are not required to disclose the **amount** of any remuneration or benefit they receive in respect of their registerable interests.*

ADMINISTRATIVE ARRANGEMENTS AND INSPECTION

The Register is compiled twice-yearly by the Secretary of the Board. The Secretary writes to all Board Members twice yearly to ask them to submit an up-to-date list of all their interests. He maintains and updates the Register during the year. It is the responsibility of Members to notify changes in their registerable interests to the Secretary of the Board. The Board Audit Committee formally considers the resulting Register of Interests on a regular basis.

Baroness Blackstone

- 1. Remunerated Directorships etc**
Chair, Great Ormond Street Hospital NHS Trust
Chairman, British Library Board
- 2. Remunerated employment**
Vice-Chancellor, University of Greenwich
